Murals & Trompe L'oeil

Murals can be created for virtually any application! Your mural can be painted on location or in our studio and then installed for you!

Your custom mural will be designed with your input and imagination! Themes, colors, detail elements will be customized to your personal tastes and coordinated with the décor and furnishings of the space it will occupy.

Decorative Faux Finishes

We also offer traditional faux finishes. Our decorative finish media include paints, plasters, glazes, anaglyptic papers, stenciling, leafing and gilding techniques. Our plaster and texture finishes recreate the elegance of "Olde World" architecture. These include Venetian Plaster, Tuscan textures, Embossed Patterns, Fresco, Marmorino, and finishes that replicate Italian and Mediterranean Villa walls.
